

# SAFETY DATA SHEET

PRODUCT NAME KEM AQUA Solvent SA

Data of issue 06/26/2012

Date of revision -

## 1 Identification of the substance or mixture and the supplier

Product name: KEM AQUA Solvent SA  
Name of supplier: Kyoto Electronics Manufacturing Co., Ltd.  
Address: 68 Ninodan-cho, Shinden, Kisshoin, Minami-ku, Kyoto, Japan  
Division: Quality Assurance Department  
Phone: +81-75-691-4121  
Fax: +81-75-691-4127  
Emergency phone No.: +81-75-691-4125  
MSDS No. GHS-0069E

## 2 Hazard identification

### GHS hazard class and category

|                        |  |   |
|------------------------|--|---|
| Physical hazards;      | Flammable liquids:   | Category 2  |
|                        | Pyrophoric liquids:  | Not classified  |
| Health hazards;        | Acute toxicity (oral):                                       | Category 5  |
|                        | Acute toxicity (dermal):                                     | Not classified  |
|                        | Skin corrosion/irritation:                                   | Category 3 or more  |
|                        | Eye damage/irritation:                                       | Category 2A   |
|                        | Germ cell mutagenicity:                                      | Not classified  |
|                        | Toxic to reproduction:                                       | Category 1  |
|                        | Specific target organ systemic toxicity (single exposure):   | Category 1<br>(Central nervous system, Visual organ, Systemic toxicity) |
| Environmental hazards; | Specific target organ systemic toxicity (repeated exposure): | Category 3<br>(Respiratory tract irritation, Narcotic)                  |
|                        | hazardous to the aquatic environment -Acute hazard:          | Category 1<br>(Central nervous system, Visual organ)                    |
|                        | hazardous to the aquatic environment -Cronic hazard          | Not classified  |

Other hazard identification are not shown above because of the reasons below;  
Not applicable / Classification not possible

Label elements

Pictogram

Signal word:

Danger

Hazard statements:

Highly flammable liquid and vapour  
 May be harmful if swallowed  
 Causes mild skin irritation  
 Causes serious eye irritation  
 May damage fertility or the unborn child  
 Cause damage to organs (Central nervous system, Visual organ, Systemic toxicity)  
 May cause respiratory irritation; or May cause drowsiness and dizziness  
 Cause damage to organs (Central nervous system, Visual organ,) through prolonged or repeated exposure

Precautionary statements:

Prevention

Keep container tightly closed. Keep away from ignition sources such as heat/sparks/open flame. –No smoking. Wear protective gloves/clothing/eye/face protection. Ground/bond container and receiving equipment. Use explosion–proof. Take precautionary measures against static discharge. Use only non–sparking tools.  
 Obtain special instructions before use. Do not handle until all safety precautions have been read and understood.  
 Do not eat, drink or smoke when using this product. Wash hands thoroughly after handling. Do not breathing dust/fume/gas/mist/vapours/spray.  
 Use only outdoors or in a well–ventilated area.

Response

In case of fire, use for extinction appropriate media.  
 If skin irritation occurs, get medical advice/attention.  
**IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical advice /attention. Wash hands after handling.  
 If exposed or concerned: Get medical attention/ advice.  
 Get medical attention/advice if you feel unwell. **IF INHALED:** Remove to fresh air and keep at rest in a position comfortable for breathing.

Storage

Store locked up.  
 Store in cool/well–ventilated place.

Disposal

Dispose of contents and container in accordance with regulation.

### 3 Composition/Information on ingredients

Substance/Mixture: Mixture

| Ingredient name | Composition (%) | Chemical formula   | CAS No. |
|-----------------|-----------------|--------------------|---------|
| Methanol        | 20–30           | CH <sub>3</sub> OH | 67–56–1 |
| Formamide       | 70–80           | CH <sub>3</sub> NO | 75–12–7 |

---

 4 First-aid measures

|                                    |  |
|------------------------------------|--|
| Inhalation:                        | Move victim to fresh air. If irritation persists, transport to a hospital immediately.   |
| Skin contact:                      | Wash affected area with soap and water. Get medical attention if irritation occurs.  |
| Eye contact:                       | In case of contact with eyes, irrigate with water for 15 minutes, carefully separating the eyelids to ensure that water reaches all parts. Seek medical advice, especially if irritation occurs or symptoms persist. |
| Ingestion:                         | Rinse mouth, give plenty of water to dilute the substance. Transport to a hospital immediately.  |
| Most important symptoms:           | No specific remarks.   |
| Protections for first-aid persons: | In case of first-aid, rescuer should wear proper protections according to situations.  |

---

 5 Fire-fighting measures

|   |  |
|---|--|
| Extinguishing media:  | Carbon dioxide, dry chemical powder, alcohol resistant foam, water                                     |
| Incompatible extinguishing media:   | Pressurized water  |
| Specific hazards arising from the chemical (and with regard to fire-fighting measures): | When burned, product forms smoke and toxic fumes, gases or vapours.                                    |
| Specific fire-fighting measures:  | Fight the fire from a windward direction.  |
| Special protective equipment and precautions for fire-fighters:                         | Fire fighters should wear an approved self-contained breathing apparatus and full protective clothing. |

---

 6 Accidental release measures

|  |  |
|--|--|
| Personal precautions, protective equipment and emergency procedures: | Wear proper protective equipment. If indoors, keep the area ventilated in use. If outdoors, must be used at windward side. Let the person evacuate from downwind side. |
| Environmental precautions:   | Attention should be given not to cause damage to the environment by flowing of spillage to rivers.   |
| Measures and materials for containment and clean up:                 | In case of leakage, collect in an airtight container and dispose of it properly as industrial waste.   |

---

 7 Handling and storage

|                                |   |
|--------------------------------|---|
| Precautions for safe handling: |   |
| Countermeasure technique(s):   | Use only in well-closed facilities or local exhaust area. Remove sources of sparks and ignition. Take precautionary measures against static discharges. |

Preventive measures: The working area must be ventilated well in use. Emitted vapour or dust must not be breathed.

Safety measures/  
incompatibility: Do not shock, overturn, drop, or drag containers.

Conditions for safe storage, including any incompatibilities:

Recommendation for storage: Keep away from direct sunlight. Must be stored indoors. The room must be kept well-ventilated. Must be stored under room temperature. In case of storage, air tightened container must be used.

Recommendation on container and packaging materials: Glass

**8 Exposure controls/Personal protection**

Appropriate engineering controls: Keep source tightly closed or install local exhaust ventilation. Provide shower and vanity unit nearby and make clear the location of these.

|                     | Methanol                           | Formamide  |
|---------------------|------------------------------------|--|
| Control value       | 200ppm                             | Not established.                                 |
| Adopted value ACGIH | TWA : 200ppm<br>STEL: 250ppm(2004) | Not established.<br>TWA : 10ppm (skin)<br>(2005) |

Individual protection measures, such as personal protective equipment (PPE):

Respiratory protector: Wear positive pressure self-contained breathing apparatus (SCBA). Respirator for organic vapour.

Hand protection: Wear impervious glove made from chloroprene, as appropriate.

Eye/face protection: Wear protective eyeglasses or chemical safety goggles.

Skin and body protector: To prevent any contact, wear impervious clothing such as apron, boots, or whole-body suits made from chloroprene, as appropriate.

**9 Physical and chemical properties**

Appearance, color: Clear liquid between colorless to light-yellow

Odor: Characteristic odor

pH: No data available

Melting point/freezing point: No data available

Boiling point: No data available

Flash point: 19.6C

Auto-ignition temperature: No data available

Upper/lower flammability or explosive limits: No data available

Vapour pressure: No data available

Vapour density (Air = 1): No data available

Specific gravity (Density): 1.032 (20C)

Solubility: Easily soluble in water

Octanol/water partition coefficient (log Pow): No data available

|                            |                   |
|----------------------------|-------------------|
| Decomposition temperature: | No data available |
| Viscosity:                 | No data available |

#### 10 Stability and reactivity

|                                     |   |
|-------------------------------------|---|
| Chemical stability:                 | Stable under normal storage conditions. |
| Possibility of hazardous reactions: | Flammable liquids                       |
| Conditions to avoid:                | Not specified                           |
| Incompatible materials:             | No data available                       |
| Hazardous decomposition products:   | No data available                       |

#### 11 Toxicological information

No data for this product. For reference, the information of each ingredient is as follows.

|                                   | Methanol                    | Formamide                   |
|-----------------------------------|-----------------------------|-----------------------------|
| Acute toxicity –oral LD50(mg/kg)  | (human) 1400                | –                           |
|                                   | (rat) 7939                  | (rat) 6000                  |
| –skin                             | (rabbit) 15800              | –                           |
| Skin corrosion/irritation         | Classification not possible | Category3                   |
| Eye damage/irritation             | Category2A–2B (rabbit)      | Category2B                  |
| Respiratory or Skin Sensitization | Classification not possible | Classification not possible |
| Germ cell mutagenicity            | Not classified              | Not classified              |
| Carcinogenicity                   | Classification not possible | Classification not possible |
| Toxic to reproduction             | Category1B                  | Not classified              |
| STOT– single exposure             | Category1,Category3         | Classification not possible |
| STOT– repeated exposure           | Category1                   | Classification not possible |
| Aspiration toxicity               | Classification not possible | Classification not possible |

#### 12 Ecological information

No data for this product. For reference, the information of each ingredient is as follows.

|                               | Methanol              | Formamide                     |
|-------------------------------|-----------------------|-------------------------------|
| Biotransportability           | No data available     |                               |
| Persistence and degradability | Degradable            | Degradable (BOD : 22.6%)      |
| Bioassumulative potential     | No data available     |                               |
| Ecotoxicity LC50(mg/L)        | 901 (crustaces : 24H) | >100 (japanese killfish: 96H) |
| Fish toxicity                 | No data available     |                               |

#### 13 Disposal considerations

Contact a licensed professional waste disposal service to dispose of this material. Comply with all country, national and local regulations. Do not dump this product into sewers, on the ground or into any body of water.

#### 14 Transport information

Basic classification information for the transporting/shipment:

|                          |                  |
|--------------------------|------------------|
| UN Number:               | 1230             |
| UN Proper shipping name: | Methanol mixture |
| Class or Division:       | 3/6.1            |
| Packing group:           | II               |

Special precautions which a user needs to be aware of or needs to comply with in connection with transport or conveyance either within or outside their premises:

Protection from direct sun light in transportation, and confirm the container does not leak. Carefully load it onto a transporter without dropping, overturning or damaging so that it will stably stays on the transporter.

---

15 Regulatory information

Follow all laws and regulations in your country.
